THS Sit/Stand

Maximize your comfort and improve your productivity with the THS by Summit Sit/Stand ergonomic workstation.

The flexibility and adaptability of the THS modular system and integrated accessories allows you to customize your individual workspace to suit your changing needs.

***Customizable Modular Workstation
and Server Rack Solutions***

FEATURES:

Powerful hydraulics and convenient height adjust button. The THS Sit/Stand is available with work surface depths of 36 inches and widths of 48, 72 or 96 inches.

Ergonomic adjustable table height of 28 to 40 inches. Various work surfaces are available and include: laminate, ESD laminate, woodblock, stainless steel, phenolic resin.

Easily add cabinets, drawers, lighting and other integrated accessories to customize your unique requirements.

Retrofit your current THS workstation (72 or 96 inches) to a TMS Sit/Stand.

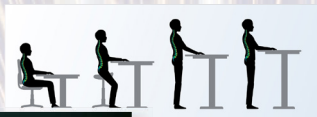

BENEFITS:

Customize and maximize your comfort according to your unique needs.

Flexible ergonomic design helps accelerates your processes and output.

Quickly reconfigure your workstation to accommodate change and growth.

Longevity and adaptability of product lowers your total cost of ownership.
